HISTORY

Founded in 1996 in Bulgaria and established in Montreal since 2004, "Théâtre Puzzle" has a unique style by combining various types in the traditional and the contemporary: drama theatre, object and puppet theatre, "Théâtre Puzzle" distinguishes itself by the coloured amalgam of styles and the great diversity of means of expression that it proposes.

Leave the audience the freedom to interpret the unmentioned, to freely associate ideas and allow it to feel what is not explicitly told. This is what became the artistic characteristic of the company.
